

SMART Notebook User Group

SMART Notebook™ User Groups are an opportunity for schools using Interactive Whiteboards and SMART Notebook Software V10 to get together for an afternoon of networking, sharing and professional learning.

Come and join us for afternoon tea followed by training and idea sharing sessions that cater for different experience levels. Choose the session best suited to your interests/ experience! This is suitable for all schools no matter what type of IWB you have.

Host

Sonya Griffith

Cost

This event is FREE of charge.

Date

Sessions

3.45–4.00pm Introduction and welcome

4.00–5.15pm **Breakout Sessions**

Please choose ONE of the below options.

SESSION CHOICE 1

Beginner SMART Notebook 10 Software Training (A & B*)

This session will introduce the basics of SMART Notebook software version 10.

Who is this for?

This is for beginners with little or no experience with SMART Notebook 10 software (K-12 and TAFE).

*Please note: Two beginner sessions will be run on the day if registered guests are high. Participants will be put into two groups on the day and the same session will be run in two rooms.

SESSION CHOICE 2

Intermediate SMART Notebook 10 Software Training

This session will cover some of the more intermediate features of SMART Notebook. This will include the lesson activity toolkit, linking, object animation, tables and using a variety of SMART software tools to make your lessons more interactive.

Who is this for?

This is for K-12 Teachers (and TAFE) who have been using the SMART Notebook software actively for at least one term or who have attended a Beginner SMART Notebook 10 Software Training Session prior and feel comfortable with the basics of SMART Notebook.

SESSION CHOICE 3

Interactive Whiteboard ideas for the Kindy Classroom

Rachael Cosentino and Angela Bauk from Mortdale PS will show some examples of how they use their IWBs in their Kindergarten classrooms.

Who is this for?

This session is aimed at Kindergarten teachers who have completed a beginners session and have some prior experience of working with Interactive Whiteboards.

SESSION CHOICE 4

Interactive Whiteboard ideas for the Stage 1 Classroom

Maria Tsougranis and Steven Mead from Mortdale PS will show some examples of how they use their IWBs in their Stage 1 classrooms.

Who is this for?

This session is aimed at Stage 1 teachers who have completed a beginners session and have some prior experience of working with Interactive Whiteboards.

SESSION CHOICE 5

Interactive Whiteboard ideas for the Stage 2 Classroom

Helen Mitchell and Kristina Zajakovski from Mortdale PS will show some examples of how they use their IWBs in their Stage 2 classrooms.

Who is this for?

This session is aimed at Stage 2 teachers who have completed a beginners session and have some prior experience of working with Interactive Whiteboards.

SESSION CHOICE 6

Interactive Whiteboard ideas for the Stage 3 Classroom

Helen Wakeman and Stephen Brook from Mortdale PS will show some examples of how they use their IWBs in their Stage 3 classrooms.

Who is this for?

This session is aimed at Stage 3 teachers who have completed a beginners session and have some prior experience of working with Interactive Whiteboards.

SESSION CHOICE 7

How to make your lesson interactive- By Tracey Shaw and Kathy Danilatos, Sydney Region DET

In this session we will look at and recreate a variety of interactive techniques. We will demonstrate how the Interactive Whiteboard facilitates a more inclusive and interactive approach to lesson delivery.

Who is this for?

This session is aimed at teachers from K-12 who have completed a beginners session and have some prior experience of working with interactive whiteboards.
