

E-LEARNING INFORMATION SESSIONS

CLI Connects is a series of online e-learning capability sessions for all TAFE NSW teachers and staff.

Weekly live sessions feature experienced presenters teaming up to introduce ideas, examples and resources to support e-learning and workforce development in TAFE.

Each session runs for less than an hour, and you can attend from your own computer using Adobe Connect web conferencing.

Where can I catch up on past sessions?

If you missed some of the previous CLI Connects sessions, all the recordings, presentation notes, handouts and teaching resources are available at:

climoodle.cli.det.nsw.edu.au

Log in to this site using your DET Username and Password.

How do I take part in the live sessions?

At the times listed, point your web browser at the online meeting room address below. You don't need any experience using Adobe Connect, just a good internet connection on your computer and some headphones or speakers to listen.

No registration required!
